I have been right there every
time for the last five years.
Johnny Depp (the actor) has
gone from being a bit of a
wild man in the 1990s to
a more mature actor in the
2000s. Now at the helm of the
established English production
company, he has not only kept to
the established tradition, but has
developed a new, more
sophisticated style. He has
also shown that he is a
man of taste and style, and
that he is always ready to
accept the challenges of
the day.
